Storage & Simply Store

Excellent safe storage options for you

If there is a gap between leaving one property and moving to the next or if you just do not have the space to accommodate all your belongings, you can use our unique **Simply Store** spacious storage facility in Maldon. We offer:

- Stop gap storage during your relocation process
- Storage in case of property renovation
- Storage of important documents and other items.

We also offer a simple option for smaller quantity storage: **Simply Store**.

With traditional self-storage you have to pay to hire a van (if you're licensed to do so) bully or beg friends and family to help load the van. Drive to the self-store depot and unload, often walking long distances and even upstairs to eventually reach your hired room. Then you have to return the van! Don't forget you have to repeat this procedure in reverse when you want your effects returned.

With **Simply Store** we collect the items from your home or office and store it until you need it back again. Simple, out of your way.

Simply Store is simple and cost effective!
